

newskit.

PRIVACY POLICY

The app newskit. was created as free. This service will therefore always be provided free of charge and is intended for use as a mobile news application with predefined resources. This application is and always will be fully unprofitable.

This document is intended for visitors to inform about the conditions of using the application and to provide relevant contacts.

By using the app, you agree to this privacy policy and it lasts for the entire period of using the app.

Collection and Use of information

Due to the personalization and statistics in the app, data on the number of reading data of the given category, channel, or tag are stored. They are used only when using the app for the best possible experience, as already mentioned.

This information is stored purely on your device, is not sent anywhere else, and no one has access to it. There is no way for us to access this data.

Privacy

At matsworld.io we take your privacy very seriously. As already mentioned, we do not work with any of your personal data, in fact, there is information sent from your phone to us.

Links to other websites

This application contains links to other websites, specifically links to news details. Each time you press the 'Detail' button, you will be redirected to the news source website. Please note, that these sites are not operated by us. Therefore, for your full awareness, we encourage you to read the privacy policies of each resource site. We have no control over these and take no responsibility for the content, privacy policies, or anything else on these sites. However, we fully trust all sources, and if we were aware of any dangerous practices, we would not use links to these sites at all.

Privacy of children and youth

Unlimited internet access is possible in the application. Therefore, it is recommended that people under the age of 17 first consult their legal representative about the application installation. However, we do not want to discourage teenagers from using the application since, in fact, the application was designed just for them.

News articles ownership

All previews of articles published in this application are fully owned by their publishers, who are mentioned either next to the articles in the lists or below them in the preview.

Changes to this document

It is possible that this policy will change. Therefore, we recommend that you review this document from time to time. The new rules take to take effect by publishing a new document on this website. In the event of a change in the policy, we are not obliged to inform the user about it.

Resources' logos

All logos used in the application are trademarks of news sources - not ours. We always follow the conditions of using the logo of an individual source, if applicable.

Contact us

The contact person is Matyáš Boháček, whom you can contact at matyas.bohacek@matsworld.io or info@matsworld.io in case of questions or comments. He is also responsible for application development and relationships with individual resources.

Newskit. is officially owned by Lucie Boháčková, however, it is developed and maintained by Matyáš Boháček.
